ABOUT THE TEXAS LYCEUM

Founded in 1980, the Lyceum blends the philosophical, the educational, and the practical with a goal of promoting understanding of events and ideas shaping the future of Texas.

MISSION OF THE TEXAS LYCEUM

The Lyceum brings together diverse opinions and expertise to focus on national and state issues, and seeks to emphasize constructive private sector, public sector, and individual responses to the issues.

OUR PURPOSE

The Texas Lyceum is an association of Texans whose purposes are to:

- identify and develop the next generation of top leaders in the State of Texas;
- educate its Directors by identifying and exploring the interrelationships of the major issues facing Texas;
- bring a better understanding of these issues to the State's key decision-makers; and
- promote an appreciation of the responsibilities of stewardship of the values, traditions, and resources of Texas.

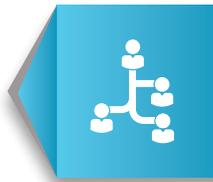

QUARTERLY MEETINGS

Lyceum Directors meet quarterly in different cities across the state to explore and discuss issues facing Texas. These in-depth meetings not only educate the Directors, but also provide a greater understanding of our communities and the issues we face.

The Texas Lyceum also conducts an annual Public Conference on an issue that affects the entire state. The topics change each year, but each conference allows nationally recognized experts and local and state-wide leaders to fully explore and discuss ideas that are important for the future.

- Quarterly Meetings (includes an Annual Public Conference): 4 cities, 4 topics
- Public Conference open to the general public
- Organized and hosted by our 96 Directors, with the help of generous sponsors
